

Ballet Slippers

CRAFT INSTRUCTIONS

Materials:

- Construction paper
- Template
- Scissors
- Markers
- String
- Hole punch

- Use the template to trace 2 shoe shapes on to the construction paper and cut them out.
- Use a marker to draw a large oval in the center of each shoe.
- Punch five holes into each of the shoes:
 - Two holes on each side of the oval for the laces.
 - One hole at the top of the shoe to tie.
- Weave a piece of string through the holes to form an X shape.
- After making the laces pull both ends of string through the top hole, and tie a bow at the end of the shoe.
- Repeat steps 4 and 5 on the second shoe.
- Finally tie both the shoe's laces together, and you have your ballet shoes!
