

Paper Plate Nutcracker

CRAFT INSTRUCTIONS

Materials:

- 1 paper plate
- 4 brads
- Scissors
- Markers
- 2 google eyes
- Hole puncher

- Cut the paper plate into five pieces as follows:
 - Cut two sides off to create a long rectangle from the center. This will be the body.
 - Cut the two side pieces in half; those will become the arms and legs.
- Draw lines for the design shown in picture 2.
- Next, color in the nutcracker's face, body, arms, and legs.
 - See picture 3 for the traditional colors, or create a new nutcracker. Be creative!
- Glue both of the google eyes to the nutcracker.
- Use the hole punch to punch holes into the top of the arms and legs, then use the brads to attach each to the body of the nutcracker.
- Enjoy your movable paper plate nutcracker!
