

Waterless Snow Globe

CRAFT INSTRUCTIONS

Materials:

- 1 miniature tree and 1 or 2 pine cones
- Clear plastic cup
- 1 cotton ball
- 1 half sheet of card stock
- Glue
- Scissors

- Create the base by tracing the cup on the card stock and cutting the circle out.
- Gently pull the cotton ball apart to create snow.
- Color one half of the circle blue to make a lake.
- Spread glue all over the other half of the circle and cover with the cotton
- Glue the mini tree and pine cone on top of the snow.
- Wait for the glue to dry a bit.
- Once everything is secure take the plastic cup and gently place a ring of glue around the mouth of it.
- Carefully align the the mouth of the cup with the outer edges of your circular base, and press together.
- Enjoy!
